

Roadrunners' Race Results

David Dibben

There were some sensational Roadrunners' performances on London Marathon weekend — and that was just the marshals!

Ollie Watts set a fine example with a 33-minute marathon PB in Berlin the previous weekend and there were plenty more in the capital.

Congratulations to everyone who got round and apologies to anyone whose result I missed or whose PB I failed to acknowledge. And I have not included any 'virtuals'. Collating all that data was a bit of a, well, marathon.
