

Roadrunners' Race Results

David Dibben

These results include the first round of the 2022 club championships, the Goring 10k.

Congratulations to all of our prizewinners there, but I'm afraid I can't get my head round Goring's somewhat esoteric categories of veterans, super veterans, masters and grandmasters (thought was chess!) so I haven't given them any credit here.

Anyway, all RR members are super runners, so what are they on about?

And some runners will of course be in a different category here from the official club champs list if they have had a birthday since January 1st.

Others won't be in the champs standings at all if they were improperly dressed.
